Re: Suggested Procedures for Reducing the Spread of Zebra

Mussels To all CBN Members:

We have been alerted to the Zebra Mussel issue that has now entered our state. Your help is requested in reducing the increased spread of Zebra Mussels. In order to control Zebra mussels we have compiled a list of very important items that you should be doing on a regular basis to deter this invasive species.

The following is a list of preventative measures that we are expecting our membership to put into

practice. Everyone must review these procedures. If you are fishing any CBN tournament, **a signed copy of this letter must** be submitted with your first Tournament Application which will

be kept on file. **Retain the Suggested Procedure Form for future reference.**

In the event that you are not aware, pursuant to CT State Law Sec. 15-180 you can be fined \$100 for transporting plants that might be on your boat and/or your trailer.

Thank you for your cooperation with this very important matter.

The CBN Executive Board, Conservation Director and Tournament Director

I, _____, have read the following
(Name Please Print)

Suggested Procedures for Reducing the Spread of Zebra Mussels and will

follow these suggestions to the best of my ability
